The diagram illustrates a header file dependency. At the top is a gray box containing the header file path **pkg/AMORE/src/dia/AdaptBehavior.h**. Below it are two white boxes: **pkg/AMORE/src/dia/ADAPTgd.h** on the left and **pkg/AMORE/src/dia/ADAPTgdwm.h** on the right. Blue arrows point from each of these bottom boxes up to the top box, indicating that both source files include the header file.
