

pkg/AMORE/src/dia/BatchBehavior.h

```
graph BT; A["pkg/AMORE/src/dia/BATCHgd.h"] --> C["pkg/AMORE/src/dia/BatchBehavior.h"]; B["pkg/AMORE/src/dia/BATCHgdwm.h"] --> C;
```

The diagram illustrates a dependency or inheritance relationship. At the top is a box containing the file path **pkg/AMORE/src/dia/BatchBehavior.h**. Below it are two boxes: **pkg/AMORE/src/dia/BATCHgd.h** on the left and **pkg/AMORE/src/dia/BATCHgdwm.h** on the right. Two blue arrows point from the bottom of each of these lower boxes up to the bottom of the top box, indicating that both lower files depend on or inherit from the top file.
