

*VecCon::getWeight*

```
graph LR; A[VecCon::getWeight] --> B[VecCon::numOfCons]
```

A diagram showing a dependency. On the left, a gray rectangular box contains the text *VecCon::getWeight*. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. This white box contains the text *VecCon::numOfCons*. Both boxes have a black border.

*VecCon::numOfCons*
