

Container::size

```
graph LR; A[Container::append] --> B[Container::size];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'Container::size'. The box on the right is white and contains the text 'Container::append'. A dark blue arrow points from the right side of the 'Container::append' box to the left side of the 'Container::size' box, indicating a dependency or relationship between the two.

Container::append
