

MLPfactory::makeNeuron

```
graph LR; A[MLPfactory::makeNeuron] --> B[MLPfactory::makePredictBehavior]; B --> C[MLPfactory::makeConContainer];
```

The diagram illustrates a three-step process flow. It begins with a gray rectangular box containing the text 'MLPfactory::makeNeuron'. A blue arrow points from this box to a white rectangular box containing 'MLPfactory::makePredictBehavior'. Another blue arrow points from this second box to a final white rectangular box containing 'MLPfactory::makeConContainer'. All boxes have a black border.
